They began looking for the best location for the school and later decided on the first building they took a look at. Financial Aid Opportunities and Requirements

Financial Aid

Federal School Code 042701

Financial Aid programs available to students are Pell Grant and Direct Student Loan. The Pell Grant money awarded is gift aid that does not have to be repaid. Students who choose to borrow money through the Direct Student Loan Program are required and obligated to repay these loans when they become due. These programs require students to complete an application which is available in the office. Information is collected from the student and sometime parents to determine aid eligibility. Aid received from financial aid programs must be used for educational purposes only. Before receiving any funds, each student must sign a statement certifying that he/she will use the funds for educational purposes only and agree to repay any money not used for educational purposes.

Delta Designs Cosmetology School offers payment plans for students who do not qualify for Federal Aid and private loans. The cost of the program is the same for all plans. The first installment is due and payable on the first day of class and all subsequent installments are due and payable on the same day of each month until paid in full. The school may, at its option without notice, prevent students from attending class until the unpaid balance is satisfied.

Occupations/Placement in Employment/Physical Demands

Graduates of cosmetology have a wide variety of fields to establish a career, such as hairstylist/designers, salon owners, platform artist, manicurist, makeup artists, and product or manufacturer representatives, just to name a few.

Delta Design Cosmetology School has not and will not make any guarantee of employment or salary upon graduation. The school does, however, assist students with employment opportunities and advising on appropriate means of job searches, interview techniques, and available salons who are looking for cosmetologist, by posting job openings on our student bulletin board located in the student lounge.

The United States Department of Labor Statistics – 2016 State Occupational Employment wage estimate for Arkansas determined for cosmetologist salary is \$29,590/yr. However, inexperienced cosmetologist commonly earned a lower entry-level average salary of \$17,930/yr. By contrast, more experienced cosmetologist often earn a higher advanced-level average salary closer to \$49,050/yr.

Compensation usually paid by a salon is on a commission basis, usually 50% for services and 10% for retail sales. Some salons pay a small salary, plus commission for fees and services. A career such as a platform artist may be paid for each show or at an hourly agreed upon rate. A manufacturer representative usually starts at around 29,900 per year and would possibly involve some travel time.

When working in a salon there are many physical demands on a cosmetologist as constant use of hands, feet and legs would be necessary, along with product fumes and odors. Also, working in and with the public, cosmetologist could come in contact with contagious diseases such as colds and viruses.

Family Educational Rights and Privacy Act (FERPA)

A student has the right to inspect and review his or her education records within 45 days that the school receives a written request. A student should submit the request to the Director or the School's Manager, with respect to the record(s) the student wish to inspect.

The school official will make arrangements for access of records and give the student the time as to when the records may be inspected.

School files are the property of Delta Designs Cosmetology School and kept for safekeeping in a fireproof file cabinet.

A student may request the amendment of inaccurate or misleading information in his or her education records. The school is not required to amend education records although, the school will consider the student's request.

If the school decides not to amend the educational records at the student's request, the school will inform the student in writing their rights to a hearing regarding the matter. If, as a result of the hearing, the school decides not to amend the record, the student has the right to place a statement in the file with his or her views.

A student has the right to provide written consent to disclose personally identifiable information from a student's education records, with the exception to FERPA's prohibition against non-consensual disclosure to school officials, including teachers. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility to the school

SATISFACTORY ACADEMIC PROGRESS POLICY

The satisfactory academic progress (SAP) policy applies to all students enrolled in the Cosmetology program whether receiving Federal Title IV, HEA funds or not. It is printed in the school catalog to ensure that all students receive it prior to the first day of class. The policy complies with the guidelines established by The Council on Occupational Education (COE) and the federal regulations established by the United States Department of Education.

The **Cosmetology program** (1500 clock hours and 50 weeks-fulltime), (1500 clock hours and 100 weeks-part time), (1500 clock hours and 68 weeks-Evenings) is the only course that is currently eligible for Title IV, HEA Funds.

To determine SAP, all students are evaluated in academics and attendance at the evaluation points listed below. Students are advised of their academic and attendance status via a progress report.

Satisfactory progress in academic performance and attendance is required to continue as a student in good standing. A certificate of completion will be awarded upon completion of requirements of the program.

ATTENDANCE PROGRESS

Students must attend a minimum of 70% of the cumulative scheduled hours to maintain SAP and complete the course within the maximum allowed time frame. The attendance percentage is determined by dividing the total hours by the total number of hours scheduled.

Students are expected to attend classes as per their enrollment agreement. Students are responsible to clock in and out appropriately to document their hours; the only documentation accepted for student hours is the time clock.

Late arrivals may enter school until 15 minutes after class/scheduled shift begins, students who are more than 15 minutes late must meet with the School Director to obtain authorization to remain in school for the day. Continued tardiness may result in disciplinary action up to and including termination. Students who are going to be absent are expected to call the school prior to the beginning of their scheduled shift.

All absences are recorded and made a part of the school permanent record. The student is responsible for class material and/or tests missed while absent. Students are encouraged not to miss any days during their scheduled “beginning” phase. Students who miss 10 consecutive school days (14 calendar days) without communicating with the School Director/Manager may be terminated on the 11th consecutive school day as an unofficial withdrawal.

Students who persist in repeating patterns of absenteeism will be advised and will be subject to appropriate disciplinary action. Students who have excessive absences may be terminated; Re-enrollment is at the discretion of the school.

Students meeting the minimum requirements for academics and attendance at the end of each evaluation period (end of payment period) are considered to be making SAP until the next scheduled evaluation. Students will receive a hard-copy of their SAP determination at the end of each evaluation.

Title IV, HEA Financial Aid Warning

Students who fail to meet the minimum requirements (70% cumulative attendance and a C or 70% GPA) for attendance and academic progress at the end of a payment period will be placed on a Title IV, HEA **Financial Aid Warning the first time.** Any student on Title IV, HEA **Financial Aid Warning** may continue to receive assistance under the Title IV, HEA programs for one payment period.

At the end of that payment period if the student has met the minimum grade and attendance requirement the student is considered to be meeting SAP.

If the student is not meeting SAP at the end of the Title IV, HEA Financial Aid Warning Period; there will be a loss of Title IV, HEA eligibility; **with the right to appeal**. The student will be placed on an **Academic development status**, with a **loss** of Title IV, HEA funding and will be required to meet specific criteria of an improvement plan to assist them in regaining SAP and Title IV, HEA eligibility.
